### **Organizational Affiliate Membership Benefits**

Thank you for your interest in Oregon Opportunity Network!

Oregon Opportunity Network (Oregon ON) is a statewide association of over 150 organizations, Businesses, and individuals who provide housing and economic opportunities for working families, people with disabilities, and seniors in Oregon communities. Our mission is to support and strengthen our members through advocacy, communications, peer learning, and best practices development.

We are the only membership-based organization working on a state-wide level that represents the voice of community development corporations to decision-makers, regulatory agencies and other stakeholders. We are the primary forum through which rural and urban community development issues are integrated at a policy and regulatory level. We work closely with the most active developers of affordable housing in Oregon.
